

PORTAL EXTERIOR FIBERGLASS DOORS

No Wood Exposure

Superior weather resistance with composite stiles and rails on all four outside edges of the door

Thicker Skin

Increased durability
Increased Impact resistance
Increased security

Low Maintenance

No repainting or staining like wood doors, just clean with soap & water

SIERRA PACIFIC EXTERIOR DOORS*

SWINGING DOORS

A grand entrance, an elegant transition between inside and outside, both doors operable, just one door operable – no matter what you need, you'll find every one of our swinging doors carries the meticulous attention to detail and innovative engineering that sets Sierra Pacific doors apart.

BI-FOLD DOORS

Hinged to fold and glide with the lightest touch, our bi-fold doors are available up to 45 feet wide and 10 feet high. Stack them to one or both sides, swing them in or out, go around 90-degree corners. You can even incorporate an access door panel to go in or out without moving your entire wall.

* Available exclusively through special orders.

COREGUARD PLUS™ OPTION FOR FRAMES

Available in primed or stain grade finishes, CoreGuard Plus™ makes a great door even better with lasting protection and reliability. All exterior door jambs with the CoreGuard Plus™ stamp feature an industry-leading 30 year warranty.

-RESISTS ROT & MOLD

-RESISTS MOISTURE & HUMIDITY

-RESISTS PESTS & INSECTS

CoreGuard Plus™ is a patented wood product that helps provide protection against wood rot, water saturation, and termites. The water-based treatment process fortifies our wood door frames all the way to the core, providing an exclusive level of protection you'll only find with Dealers Warehouse exterior doors.

MULTI-POINT LOCK OPTION

PanoLock+ is a one-of-a-kind multi-point lock that works with most off-the-shelf lock hardware, supports a forgiving installation, and offers lasting performance, all at an affordable price point. Including electronic deadbolts.

1. Top Taper
2. Tapered Bolts & Adjustable Roller Strike
3. Bottom Taper
